# THIS WEEK IN HOCKEY EAST HISTORY

**Oct. 11, 2003:** UMass defeats UMass Lowell 3-2 as part of a 4-0 start to the season that ended with the Minutemen as Hockey East Finalists. It was the program's best start since 1971-72 when UMass was 6-0 en route to the ECAC Division II National Title.

**Oct. 12, 2001:** Blaise MacDonald wins his first game as UMass Lowell's head coach, beating his former team, Niagara University, 7-3 in the Tsongas Arena.

## COMMISSIONERS CORNER with Joe Bertagna

It was exactly 40 years ago this month that I first stepped on the ice as a college freshman, starting a career in college hockey that continues to today. The start of the season remains an exciting mix of the familiar and the new. We welcome the site of returning players we enjoyed the year before. Our eyes catch a glimpse of why highly touted freshmen were so heavily recruited. We run into people we last saw in late March or early April. Every team has a chance for a special year.

Believe it or not, there was a time when the start of the season coincided with Thanksgiving, not with the opening games of the Major League Baseball postseason. But here we are, checking scores of the Patriots, the Bruins, the Red Sox and our favorite college hockey team all at the same time. It is a much-welcomed ritual, checking scores. But how we check them has changed so much in recent years. We used to call press boxes or wait until the morning paper arrived. Now mobile devices let us check updated scores in real time. Real time video on our hand held devices will soon be the norm.

Hockey East fans will have another new feature before long. Since the end of last season, the ten Hockey East athletic directors voted to install video replay equipment at all ten arenas. Some are up and running and the rest will be before the end of October. Each rink will be equipped with overhead cameras above the goals and a center ice camera to give officials multiple angles on all goals. Only the referee can initiate a replay and he will be governed by NCAA rules as to what he can review. A monitor at ice level will allow him to see the different camera angles as well as the time on the clock. There are also audio capabilities to assist in those situations where hearing a whistle could affect the outcome of a play. This should be a great tool for all officials in their quest to "get it right."

So here we go, ready to start league play in this our 26th season of Hockey East. We have been spoiled in recent years by enjoying a pair of national championships. Whether a third is in the cards or not, let's enjoy another ride.
