

9TH WHEA CHAMPIONSHIP TOURNAMENT
PROVIDENCE COLLEGE POSTGAME QUOTES
Saturday, March 5, 2011

PROVIDENCE HEAD COACH BOB DERANEY

On general thoughts on the game...

I always thought it is not how many shots you get, it is how many goals you score. I have never worried about the shots on goal. I think it is a false stat to be honest with you. I think we saw a classic hockey game today. Two tremendous hockey teams displaying the best of what the Hockey East has to offer. I am so proud of my kids. They aren't kids, they are players. It took a terrific effort by a world class player to beat us tonight. The thing that scared most of all is when I looked at the shot chart at the end of regulation, she (Kelli Stack) had no shots on net. She was even that is the thing I noticed. I said, 'where was Stack?' She was even. It scared me and sure enough it came true. A world class play by a world-class player. I tip my hat to her. You can't be ashamed when something like that happens to you.
