Massachusetts and Merrimack Schedule Non-Conference Game

Warriors and Minutemen Have Already Completed Their League Series

AMESBURY, Mass. - The Hockey East Association announced today that Merrimack and Massachusetts will play a single, non-conference game at UMass on Monday, January 3, at 6:00 p.m. The game will stream on SportsLive for free.

The game will have no impact on the Army ROTC Hockey East Standings nor will statistics count for conference totals. The game was added to schedule as a result of both programs having previously scheduled non-conference games canceled.

The Minutemen and Warriors have already completed their three-game Hockey East league series this season, with all three outings decided by one goal.
